Dear Sir:

RE: ADDITIONAL LOAD FOR MILITARY ENGINEERING SERVICE: BELGAUM:

We have been requested by the Military Engineering Service at Belgaum to give them an additional service having a load of 2 K.W. We enclose herewith the necessary application form duly completed as required by Government.

As the Military Engineering Service is a Government and Military Department, we shall be most grateful if you will kindly allow us to lay the additional service as required by them.

As the matter is urgent, any endeavour on your part to expedite the necessary sanction will be very much appreciated.

Yours faithfully,
The Amalgamated Electricity Co. (Belgaum) Ltd.

Submitted. p.1

2. The supply is reqd for a Govt Saw mill – vide certificate from the Conservator of Forests, S.C. – Unless a certificate from the Director of Agl Supply is considered necessary p.2 the supply may be sanctioned subject to the remarks in the following para. p.2

3. The supply org observes that this addl supply will increase its monthly diesel oil consumption and requests that an addl quota of about 100 tons should be sanctioned over & above its present quota of 42 tons per mn. In this connection it may be observed that with a view to securing some reduction in the present allotment of diesel oil to this org ⊕ the D.M. has been separately requested to issue orders on the lines of G.O. no 1932/36 M, dt the 2-10-42, reg: restrictions in the use of electricity. It may be feasible to meet this addl load, when the allotment within the sanctioned D.M. issues orders as directed by Govt. In the circumstances the supply may be sanctioned and as reqd diesel oil the org may be asked to approach Govt for addl allotment on the basis of the actual consumption after the D.M. has issued

⊕ Orders will be sent up if reqd.

Belgaum,
Dated 7th April 1943.

From

R.S.Shaikh, Esquire,
Addl. Dist. Supdt. of Police, Belgaum.

To

The District Magistrate, Belgaum.

Sir,

I have the honour to state that I am occupying block No. 34 in the Fort which is without electric installation and on that account I am put to much inconvenience and expense too. It is necessary for me to have a certificate to the effect that this new electric service is required for the purposes of an essential service.

I might mention that the post of Additional D.S.P. was created as the work of the District has tremendously increased due to War-connected duties and circumstances and due to the C.D.Movement which was launched in order to defeat the War efforts. In fact my duties are such that I have to meet informants and to organise raids at night in order to maintain secrecy. I would therefore request you to grant me a certificate as stated in the last sentence of the preceding para.

Thanking you.

Your obedient servant,

Additional Dist. Supdt.of Police,
Belgaum.

Does and strongly recommended. The Officer has much night-work to do & has constantly to see people at night.

Dear Sir,

Re. Laxmivilas Theatre, Guns Talkies.

The above theatre is taken on lease by us and we are getting the possession on the 15th June 1943 as per the agreement dated 16-4-43, a copy of which is enclosed for your perusal.

You have got a three-phase service already running for this theatre and we have to request you to kindly transfer the same to us from the 15th June. On hearing from you we will arrange to deposit the necessary deposit amount and also sign the required agreement.

Thanking you and awaiting to hear from you,

Yours faithfully,
For Deccan Theattres

Re. Electrical Connection to the Laxmivilas Theatre, (Chitra Talkies) Belgaum.

Sir,

We beg to lay before you a few lines for your favourable consideration and immediete attention. We have taken on a long lease the Laxmivilas Theatre at Belgaum and we intend to run a Cinema there under the name Chitra Talkies. Our lease commenced from the 2nd July 1942 but the previous lessees M/S Huns Talkies continued in illegal possession of the theatre and after some litigation it was arranged that we would get the possession on the 15th June 1943. On the 8th of May 1943 we informed the Manager, The Amalgamated Electricity Co. Ltd. (Belgaum) that we would get the possession of the theatre on the 15th June and we applied that the three-phase connection already then existing should be transfered to us. We did not get any reply from the Company for a long time and after more than three months of our writing to them they informed us

informed us:

that the connection could not be transfered to us as Mr. Pardeshi the previous lessee of that theatre has requested them to transfer it to his new premises. We have herewith attached copies of the correspondence passed between us and the Amalgamated Electricity Co. Ltd.

We beg to bring to your kind notice that the connection still remains disconnected and the new premises refered to by Mr. Pardeshi in his letter to the Company donot exist at all. Mr. Pardeshi has only recently commenced to build a a Theatre and if everything goes right it will require a long time to be completed. We say " if everything goes right" because we understand there is a strong local opposition to permit of having a Theatre in that locality and already several applications to that effect have been made to the District Magistrate. We also understand that the wiring plans for the premises have not yet been submitted and approved by the authorities. Under these circumstances we fail to understand how a connection could be transfered by the Company to the premises which donot exist at all and where there is no Electrical load to be connected to.

To hinder our business the Tuns Talkies have resorted to such an action and the theatre which has been running for the last twelve ~~months~~ years has to be closed for want of Electrical connection. We are suffering a very heavy

a very heavy:

loss and we have to request you to ask the Amalgamated Electricity Co. Ltd. to restore the connection to the premises of the Laxmivilas Theatre where it has been existing for the last so many years. If not we hope you will be good enough to grant permission for a new connection.

Thanking you,

Yours faithfully,
For Deccan Theatres,

V.S.Farandikar.

Re: Supply connection to the Laxmivilas Theatre,
Chitra Talkies, Belgaum.

Dear Sir,

We have received your letter of the 15th August 1943 and we are surprised to find that you cannot retain the original connection of the Laxmivilas Theatre as Mr. Pardeshi has requested you to transfer the same to his new premises. We understand that the connection is still not transferred and connected even though it is nearly three months since it has been disconnected from the -- premises of the Laxmivilas Theatre. We feel that the -- connection should be restored to the premises of the Laxmivilas Theatre (Chitra Talkies) and accordingly we have moved the matter with the Deputy Secretary, P.W.D. Office Bombay and a copy of our application to the -- Secretary has already been forwarded to your Bombay -- office. We hereby apply you to reconnect the supply connection to the premises of the Laxmivilas Theatre. The necessary requisition form is sent duly completed.

Thanking you,

Yours faithfully,
For DECCAN THEATRES,

M. S. Karandikar.

to para 3 of the O.M., & the 9.9.43, he however reports that the installation of the theatre has been removed by the previous lessee and the new consumer will have to put up a new installation.

3. Apart from the fact that the previous lessee may have applied to the Coy for the transfer of the service connection at a new place, which the Coy can effect subject to the provisions of 9.47 letter no A 826 & the 15.6.42 as amplified by para 5 of the C.E.P.C. Board's memo no A.855, & the 20-1-43, the Electric Supply Coy cannot refuse straightway the requisition of the new consumer for the supply at the theatre without obtaining the orders of the controlling authority. The Coy has to submit

S.59/11
28337

the requisition for the orders of the controlling authority in the prescribed form of application - vide in this circular para 6 of the C.E.P.C. Bards memo no A.855 of the 20.1.43 & para 4 of G.I. no 1932/# Elec of the 24th Sept 1943.

4. Prima facie the case appears to be weak since the supply to a cinema is not considered essential & the consumer will have to put up new installation, but the decision can only be taken on receipt of details from the Electric Supply Coy in the prescribed form of application. The draft put up may therefore issue, if appd.

Sirs,

We have been doing M.E.S. Contracts for the last four years. For the more convenient working of the Firm of M/s. Doddanavar bros, a part of our work has been shifted to our premises near the station yard of the Belgaum Railway station. Consequently electrical energy will be required for the work done there also.

We, therefore request that you will kindly recommend that energy to the extent of about 5 H.P. may be supplied to us there. We will see that the total energy consumed at both the places will not exceed that consumed by our work ordinarily.

Yours faithfully

[illegible] Engineering Supervisor Telegraphs
Belgaum

To The Deputy Secretary.
to The Govt of Bombay
P. W. D. Bombay

No- Nil dated at Belgaum 7th March 1944.

Subject --- Electric Installation .

Sir,

As I am working on the Telegraph Construction Staff where several lines are being erected for Important Military Defence Telecom Scheme between Poona and Bangalore I humbly wish to place before you the undermentioned difficulties experienced with the hope that they will meet with your sympathetic consideration.

Due to housing accommodation difficulty, I have managed to secure a place at Belgaum which has no Electric Installation. Having approached the Belgaum Electric Company with the hope of getting an Electric Connection I was informed that no further connections were to be given.

As I have to work in the open, and return home late in the evening , I have to often work late at nights, preparing Estimates Diagrams etc. and the need of Electric lights is very keenly felt. Hence am approaching you, trusting that you will authorise the Belgaum Electric Company as a special case to furnish me with a metre for Electric Installation.

If my humble request be granted at an early date I shall be ever grateful .

Thanking you in anticipation ,

I have the honour to be,
SIR,
Your humble and obedient servant
J. B. de Siqueira
(engg Supvr Telegraphs Belgaum)

Forwarded in original to the Deputy Secretary to the Government of Bombay P. W. D. for favour of disposal.

Provisions of Electric lights in the premises is very necessary in the interest of essential service as per circumstances explained in the application .

Encl: 2 & 1 certificate

S 59/17/20269

El. Br

Submitted with S. No. 19459

2/- The applcn. is for new connection for an industrial purpose (repairing R.A.F. motors & Trucks.) - It is supported by a certificate of essentiality from the Dy. Chief Supt., 110 Y/C area. It is however seen that the Ely. Supply undertaking at Belgaum is one of the overloaded corpn. cors. in respect of which no addl. load can be sanctioned. It is therefore for orders whether the applcn. may be refused.

Supply Co. should be asked to definitely specify the hours during which the current is required to be given so as to avoid peak period.

Bombay, 16th December 1944.

Returned, with compliments.

2. The Managing Agents of the Amalgamated Electricity Co.(Belgaum), Ltd., Belgaum Branch, state that the peak load takes all the output of their generators and they cannot accommodate any additional load during the peak hours. The application consists of 2.5 K.W.for lighting and 1 K.W.for heating. It does not seem that much purpose would be served by sanctioning the heating load only outside the peak hours. The lighting load can only be allowed, provided the Military can disconnect 2.5 K.W.from the load they have already connected, which may not be so essential as the purpose for which the present application has been put in.

Electrical Engineer to Govt.

P.

S 59 | 17 | 34750

El. Bv. P.W.D.

Submitted with ref. to the remarks of the Dy. Secy. at p. 37 ante.

2. From the report overleaf, it will be seen that the El. Engr. to Govt. does not think that much purpose would be served by sanctioning the load of 1 kw. for heating outside the peak hours. (The co. cannot take any addl. load during the peak time.). He however recommends that the lighting load of 2·5 kw. may be permitted if the Military can disconnect an equivalent load from somewhere else, which may not be so essential as the permit load.

3. Orders are solicited whether the sanction may be sanctioned for the lighting load of 2·5 kw. only, subject to the above condition or the co. G.E.[x] Belgaum, should first be requested to state whether he is agreeable to the above condition.

x pl. see his letters at pp. 15 & 21 ante.

Office of The Garrison Engineer,
Belgaum. Dt. 6th. January 1945.

TO:
G.N.Pandit, Esqr, B.Sc.(Bom), B.Sc.(Lond.), I.S.E.,
Deputy Secretary to the Government of Bombay,
Public Works Department, BOMBAY CASTLE, BOMBAY.

SUB:- SUPPLY OF ELECTRIC POWER F. M.E.S. FOR NURSES QUARTERS, STATION LABORATORY AND MESS HOUSE, 5.B.M.H. BELGAUM.

REF:- Your No. 3.59 / 17 / 34750- E1. dated 2nd. January 1945.

Sir,

Due to the present scarcity of electric light fittings and bulbs, it has only been found possible to illuminate over 50 barrack rooms in 5th. Mahratta L.I. Regimental Centre Belgaum by two or three bulbs only - instead of the normal ten or more bulbs. There does not seem to be any prospect of the electrical stores situation easing for an indefinite period to come. I am therefore unable to increase the lighting in these barracks to their authorised scale and the consumption of - Electrical energy in these lines is therefore reduced by 80 %.

Also all verandah lights in Belgaum have been removed in addition; to help the Load on Belgaum Power House.

As may be seen from the foregoing I am offering a vastly unpro - portionate reduction to that which I am requesting.

It is pointed out also that the installation of power to the - Station Laboratory is of vital importande to the war effort and the health of the community and is urgently required.

Trusting for an early and favourable reply

Yours faithfully,

Major. R.E.

No. BTB-130/DS, dated Telecommunication, Dated, Bombay, the 21 -10- 1944

Subject:- Power Supply for the New Carrier Building at Belgaum.

Sir,

I have the honour to say that it has been reported by the Divisional Engineer, Telegraphs, Poona Division, Poona that the Amalgamated Electric Supply Company at Belgaum requires an Essentiality ~~Certificate~~ Certificate from your office for connecting the Electric Power to the New Carrier Building at Belgaum. He also reports that the ultimate load will be 13 K.W.

I, therefore, request you kindly to furnish the necessary Essentiality Certificate for the work in question, to this office at an very early date. The Carrier building is being constructed for the prosecution of ~~the~~ War and the connection is required for the discharge of duties of the staff.

I have the honour to be,
Sir,
Your most obedient servant,

for Postmaster-General

Returned, with compliments.

2. It has been ascertained that a continuous supply is required by the Carrier Building in the Telegraph Office at Belgaum. During the peak load period from 7.30 P.M. to 9 P.M., the Supply Company are not in a position to accommodate this load; so, it is necessary that certain non-essential consumers be prohibited from taking supply during the peak-load period, i.e. 7.30 P.M. to 9 P.M. It is suggested that the Supply Company be requested to put up their proposals in this respect for the approval of Government.

accordingly.

Subject :- Supply of el. power at the New Carrier Building in the compound of the Posts and Telegraphs Office, Belgaum.

Dear Sirs,

With reference to your application dated the 19-12-44, in respect of the above mentioned ~~premises~~ premises, I am to state that a continuous supply is required at the New Carrier Building in the compound of the Posts and Telegraphs Office, Belgaum. From your remarks against item 6 (f) of the application, it is seen that you are not in a position to take up this load during the peak load period. Hence it is considered necessary that certain non-essential

S.59/17/4421

Consumers be prohibited from taking supply during the peak load period, i.e. 7-30 P.M. to 9 P.M. You are, therefore, requested to make your proposals in this respect in consultation with the District Magistrate, Belgaum. and to submit them to Govt. through him.

Yours faithfully.

Re:- Supply of electric power at the New Carrier bldg.in the compound of the Posts & Telegraphs,Belgaum.

In the above connection the U/s had discussion with you and explained the whole situation and as approved by you, we beg to - propose as under:

That the street lighting in the City bazar area to the extent of 6 K.W.which is probably the maximum demand of the above Carrier plant may be switched 'ON' after 9 P.M.

Apparently, if we find the peak load of the station to go down earlier before 9 P.M. we should be at liberty to switch 'ON' the street lights earlier."

No. BTB-133. *Dated* Bombay, *the* 15th May 1945.

The Deputy Secretary to the
Government of Bombay,
Bombay.

Subject: Electric Power Supply to the New Defence Services Tele-Communication Building at BELGAUM.

Ref: This office letter No. BTB.130/TB,SBM, dated 27-10-44.

The Divisional Engineer, Telegrapns, Poona has reported that tests and further installation work on the Defence Services Tele-Communications Building at BELGAUM has had to be suspended due to the non-supply of electric power which, at this stage, has been refused by the Amalgamated Electric Supply Co., Belgaum. It will be appreciated that the above building has been constructed directly in connection with the New Defence Services Trunk Tele-Communications Scheme and as such is of the utmost importance and its completion has already been seriously delayed.

It is understood that the Amalgamated Electric Power

Power Supply Co., Ltd., Belgaum have already applied to you for permission to provide the supply required by this Department to the building concerned. In the circumstances it will be appreciated if you will take direct action to instruct the Department concerned to provide the power required with immediate effect, in order that the installation work can be proceeded with.

Please acknowledge receipt,
